

RENEW MICROGEL

REVITALIZE—AND RENEW— FOR A NEW YOU!

Today's modern world presents a variety of health threats. From poor diets and sedentary lifestyles to an ever-increasing exposure to toxins and mounting stress, our bodies are under constant attack from free radicals. Even with heightened efforts to achieve optimal wellness, it's difficult to enjoy the results we want. Renew helps the body “restart,” providing an increased measure of support for improved joint health and an overall enhanced state of wellness.*

Our liposomes are double-layered “bubbles” or spheres that surround nutrients, helping them to pass through the harsh environment of the digestive system intact for better absorption and use by the body. The result? Premium quality products designed to maximize results and minimize waste!

Scan the code with your smartphone's camera to learn more about liposomes and **Advanced Delivery Technology**.

RENEW

FEATURES & BENEFITS

Enjoy Increased Flexibility and Mobility: Renew supports enhanced flexibility, range of motion, and mobility within the joints.*

Support the Body's Natural Inflammatory Response: Renew helps support the body's acute inflammatory response associated with exercise.*

Support Cartilage and Joint Function: Curcumin, a compound found in turmeric (*Curcuma longa*), is essential to the Renew formula and supports healthy cartilage and joint function to keep that spring in your step.*

Optimize Your Sports and Exercise Nutrition Regimen: For faster recovery from exercise, enjoy the joint health, metabolic health, and cardiovascular support benefits of Renew.*

Counteract the Effects of Free Radicals: The ingredients in Renew deliver powerful antioxidants to help neutralize the damaging effects of free radicals.*

Elevate Immune Function: Renew supports immune health for overall wellness.*

Advanced Delivery Technology: Our proprietary liposomal-encapsulation technology targets improved nutrient delivery and absorption within the body.*

Key Ingredients

+ Curcumin: Touted as one of today's most potent antioxidants, curcumin has been used for thousands of years for its wide-ranging benefits, including joint health, metabolic health, and cardiovascular benefits.*

+ Ginger: Long used in Asian cultures, ginger is traditionally used to support digestive health, a key component to achieving overall health and wellness.*

+ Shiitake Mushroom: This highly esteemed mushroom, traditionally used for its beneficial and health-promoting properties, supports the immune system and provides nourishment for optimum health.*

+ Açai Berry: This renowned antioxidant powerhouse defends the body's cells against free radical damage and is frequently touted as a superfood.*

+ Resveratrol: One of the most powerful antioxidant compounds, resveratrol is the perfect complement to a healthy lifestyle.*
